

Teenage pregnancy (Lei nº60/2009 de 6 de agosto)

I. Watch and listen attentively to the film in order to do the following exercises.

A. Tick (✓) the statements below according to the ideas conveyed in the first part of the film.

- I don't have to worry about pregnancy because I always use protection.
- After I had sex for the first time, I started feeling I was a different person.
- I didn't think that having sex would change me at all.
- It was just a matter of sex. I was physically attracted by him.
- I was really in love with this guy.
- I thought that it would never happen to me.
- I have always known that I could get pregnant at my first time.
- After I knew I was pregnant, I immediately realised it was not a dream.
- I was certain that it would not happen at the first time I had sex.
- Although I am pregnant, nothing will change in my life.
- I thought it was only a dream and that I would wake up at any moment.
- Life as I knew it, changed completely.

B. Complete the following information about the three teenagers starring in the film as you watch and listen to part two.
